SAIGON MAXIM

VIETNAMESE CUISINE

Welcome to Our

Family's Restaurant

SAIGON MAXIM

VIETNAMESE CUISINE

We are a family-owned and operated restaurant nestled in the heart of Riverbend, Calgary. With a rich history of sharing our passion for food with the community since 2008, we have been proudly serving authentic Vietnamese cuisine for decades.

Our dishes are carefully crafted with love, using treasured family recipes that have been passed down through generations. These recipes are more than just a list of ingredients - they are a reflection of our heritage and a symbol of our family's love for good food and good company.

By sharing our authentic Vietnamese cuisine with the community, we aim to bring people together and create a sense of connection and belonging. Our restaurant is more than just a place to eat - it's a gathering place where friends and family can come together to enjoy delicious food, warm hospitality, and a taste of Vietnamese culture.

Our Roots and Heritage

Our family's journey in Canada began in 1980, when we immigrated to this beautiful country and made Calgary our home. For over 40 years, we have been an integral part of the Calgary community, and we are grateful for the opportunities that this city has provided us.

In 2014, we opened the doors to our restaurant in Riverbend, with the goal of sharing our Vietnamese cuisine with the community. We are proud to call Riverbend our home away from home, and we have been humbled by the warm welcome we have received from our customers.

In Vietnam, Pho has always been more than just a meal - it has been a staple food for survival. This traditional Vietnamese dish has brought people together and provided comfort in times of need. We wanted to bring this value and tradition to our customers, and share the rich flavors and heritage of our homeland with the community. By serving Pho and other Vietnamese dishes, we aim to create a sense of connection and community, and to make our customers feel like they are experiencing a taste of Vietnam in the heart of Calgary.

Our Family's Journey

Our family initially thought that building a restaurant business would be a straightforward endeavor, but reality has proven to be more complex and challenging. Nevertheless, our grandparents and parents have accomplished something truly remarkable by establishing a thriving business from the ground up, and we are deeply proud to be a part of their enduring legacy.

For our parents, the essence of the Canadian dream is rooted in being content with what one has and in being a responsible and contributing member of the community. This philosophy has guided their actions and decisions, shaping not only their personal lives but also the foundation of our family's business.

As the second generation, we are committed to honoring the legacy that our grandparents and parents have built. At the same time, we are eager to leave our own mark on the business, bringing new ideas and perspectives to the table while remaining true to the core values that have made our restaurant a staple in the community. This balance between tradition and innovation is at the heart of our vision for the future, as we strive to evolve and grow while staying connected to our roots.

Our Commitment

At Saigon Maxim, we are dedicated to our community and to celebrating the beauty and diversity of Canada. We believe that our business can be a positive force for change, and we are committed to using our platform to give back to the community that has supported us every step of the way.

We believe in the importance of stewardship, taking care of the people and resources that have been entrusted to us. At the same time, we also believe in celebration, recognizing and honoring the diversity and richness of our community. By combining these two values, we aim to create a positive and uplifting environment that benefits everyone involved.

We are proud to be Canadian Vietnamese, and we strive to honor our heritage while also embracing our Canadian identity. We believe that our diverse background is a strength, and we are committed to using our unique perspective to make a positive impact in our community.

Our approach to business is people-centered, focusing on working with our people, taking care of our people, and helping them grow. We believe that when our employees thrive, our business thrives, and our community benefits as a whole. By prioritizing the well-being and success of our team members, we aim to create a positive and supportive work environment that allows everyone to reach their full potential.

Our Values

We take a unique approach to managing our team. Instead of simply managing people, we model the behavior we expect by leading them and setting a positive example. This approach fosters a culture of excellence and encourages our employees to strive for their best.

We believe that doing little things exceptionally well is key to making a big impact. This mindset drives us to continually look for ways to improve our processes, enhance our customer experience, and make our customers happy. Whether it's a smile, a kind word, or a perfectly prepared dish, we understand that these small details can make all the difference.

We love and value our employees, recognizing that they are the backbone of our business. To support them, we focus on making their work easier and more functional, providing the tools and resources they need to succeed. By doing so, we strive to create a positive work environment that is conducive to growth, happiness, and job satisfaction. When our employees thrive, our customers benefit, and our business flourishes.

Our Goal

Our primary goal is to empower our people to prosper, recognizing that their growth and success are inextricably linked to the growth and success of our business. We are committed to fostering a culture of development and opportunity, where our employees can thrive and reach their full potential.

We firmly believe that when our people grow, our business grows. This philosophy guides our decision-making and informs our actions, as we continually seek ways to support the personal and professional development of our team members. By investing in our people, we are investing in the future of our business and the well-being of our community.

We are proud of our accomplishments and grateful for the trust that our community has placed in us. As we look to the future, we are eager to continue serving our community with the same passion, dedication, and commitment to excellence that have defined our journey thus far. For years to come, we aim to remain a beloved and integral part of the fabric of our community, making a positive impact on the lives of those we serve.

We cater!

Comprehensive catering solutions for every occasion. We provide exceptional catering services for a wide range of events, including: birthdays, anniversaries, weddings, receptions, corporate events, office luncheons and industrial services. Our services can accommodate groups of 30 to 400 people, ensuring a seamless and enjoyable dining experience for all guests. We prioritize inclusivity and can accommodate various dietary requirements, including: vegetarian and vegan options, dairy-free, gluten-free choices, and customized solutions for specific allergies and preferences. Please be assured that we adhere to local bylaws and use biodegradable containers for all our orders, minimizing our environmental footprint. Our catering services are based on a minimum spend requirement and a per-person rate. We also offer: free delivery for added convenience. Please contact us to discuss your specific needs and receive a customized quote. Thank you with warmest regards, Saigon Maxim.
